

Camp Philosophy

The goal of our camp is to provide opportunities for children to explore their creative and athletic potential while cultivating friendships and sharing new experiences with their peers. We believe we have achieved the perfect balance of free play, structured play, small and large group activity. We have done all of this while maintaining an impeccable safety record for over 47 years.

Club & Class Periods

Cabot Park days begin with a series of clinics featuring a wide variety of sports and leisure activities. Up to 6 hours of instruction is provided and campers will have a chance to demonstrate their mastery of the skill. Last year's offerings included line dancing, basketball, beadwork, soccer, leather craft, acting, baseball, yoga, lacrosse, tennis & more.

Trip & Travel Days

Our camp is unique in that we are always on the move. Transportation is provided by school bus and Club vans. Each location offers its own opportunities for fun and recreation. Through partnerships with outside agencies we once again expect to be able to bring our campers the chance to do specialized activities like hiking, boating, archery, and climbing.

Swimming

Our camp goes swimming for 1 to 2 hours every day. In addition to our 2 on staff lifeguards all of our swimming destinations are run by the DCR who have their own waterfront staff. Campers should bring a bathing suit and towel rain or shine.

Teen Camp

Campers older than 12 may apply to take part in Teen Camp. Teen Campers must have attended our camp before and will be selected based on past levels of enthusiasm and behavior. Contact the Teen Director for more info.

Cabot Park Days

Mondays, Wednesdays, and Fridays camp meets at The Boys & Girls Club and travels to Cabot Park. Each Cabot Park Day starts with a Club and Class Period followed by two Athletic Periods where campers exercise and play games designed to teach teamwork and leadership skills. Campers not engaged in athletics get to choose their own activities from a wide variety of board and field games or participate in Arts & Crafts. Breaks for food, hydration, and relaxation are evenly spaced throughout.
